Pre-Planning Services

Preplanning provides peace of mind for everyone involved. A carefully preplanned service can be the most comforting to your family, as it spares them from having to face decisions that can be both emotionally and financially difficult at the time of death. It can give them lasting peace of mind to know that they have acted in accordance with your wishes.

Although not required when making pre-arrangements, most people choose to set aside funds that will cover their future funeral and final expenses. We offer prepayment programs which allow you to control cost, avoid emotional overspending, and guarantee today's price. One of our directors can meet with you at your home or at our funeral home to explain the various options and answer any questions

We realize that you have a choice when it comes to selecting a funeral director, and we thank you for inquiring about our family's firm. Repeated surveys indicate that reputation is the primary reason for selecting a funeral home, so to inquire about our reputation, please contact your clergy, neighbors, family and friends. For other information, please continue to explore our web site or simply call our main office at (208) 888-5833.
