A promise to our families...

We are committed to supporting your family during their time of grief, with the recognition that all grief is personal and specific to each individual.

We will make every effort with families to create the most personal and meaningful tribute to the person who died and support any appropriate requests to commemorate the life that was lived.

We will offer opportunities for family members and friends to do the work of grieving in a safe and supportive environment.

We acknowledge that we cannot make the pain go away, but through our efforts we can make the journey of grief less lonely and perhaps a little easier.
